DID YOU KNOW?

Did you know? Accell contains a special, proprietary blend of ancient herbs designed to ignite your metabolism and eliminate *ama* from the body. Ama is an Ayurvedic concept that refers to accumulated waste. When you have high amounts of ama in the body, you feel tired, sluggish, heavy, dull and slow. Zrii Accell eliminates ama by igniting the body’s digestive fire, or *agni*—transforming the way you look and feel from the inside out.
